Experience

In-Nova

Chief Financial Officer

June 2026 – Present

- Own budgeting and financial planning for the company, setting forecasts and tracking performance against targets.
- Manage cash flow and treasury operations, ensuring liquidity and financial stability across ongoing initiatives.
- Serve as a member of the company's executive board, contributing to strategic decision-making.

Projects Department Director

June 2025 – June 2026

- Led a 30-person Projects Department, managing teams of developers and project managers.
- Oversaw portfolio planning, execution, and delivery across roughly 10 concurrent projects.
- Represented the Projects Department on the company board, contributing to company-wide strategy.

Developer & Project Manager

Apr 2024 – June 2025

- Led cross-functional teams of 4 developers and coordinated end-to-end technical project delivery.
- Planned and tracked scope, timelines, and deliverables using Agile / SCRUM, acting as the main point of contact between technical teams and stakeholders.
- Built responsive web and mobile applications with Next.js, React, and React Native, including API integrations.

Sky

July 2026 – Aug 2026

Technology Summer Intern

- Built a Jenkins nightly job to monitor certificate expiry dates and automatically report status to Slack, reducing risk of unnoticed expirations.
- Designed and built a multi-agent AI chatbot system with specialized sub-agents, accessible via Slack bot or direct supervisor requests, that delivered daily device KPI reports to Slack.
- Engineered an automated investigation pipeline within the agent system that, given a PS4 crash, pulled crash data from Sony's crash portal and internal session logs, then used AI to analyze the data and generate a report with probable causes and fixes.

Clearis S.A.

Feb 2025 – July 2025

Fullstack Developer Intern

- Built responsive Vue.js interfaces for a Procurement Platform used by GALP.
- Implemented back-end logic and optimized MongoDB aggregations and indexes for performance.
